

# Jehan Dhanapal

Junior front-end developer focused on building accessible, inclusive products and digital experiences for the web.

## Profile Summary

As a 25 years old **fresh and passionate Front-End Developer**, I am eager to embark on my journey in the world of web development, armed with a strong foundation in **HTML, CSS, and JavaScript (EcmaScript6)**. My curiosity drives me to stay up-to-date with the latest industry trends and emerging technologies such as **responsive web design**, CSS frameworks like **Bootstrap and Tailwind Css** and JavaScript libraries like **React Js** and tools like **Git, Github, and Vite**. I am excited to leverage these tools to create engaging and accessible websites that enhances the User experience.
